Dear Chief Judge Samelson,

I am in receipt of your change of venue decision letter dated March 5, 2010, bearing the postmark of March 8, 2010.

Please be advised I provided the copy of my extraordinary motion for change of venue as a courtesy to you only. I purposed the indirect delivery of the copy according to protocol, with the intention of providing early notice to assist you with whatever “administrative” actions might be necessary because of my request to the N/CS Division.

On the date of this letter, I submitted a “second” extraordinary motion for change of venue asking for the transfer of all matters pertaining to my domestic case to another judicial district for independent judicial review.

Sincerely,

R. Wayne Johnson
