RE: Policy Studies, Inc.

Dear Chairman Johnson:

Policy Studies, Inc. is headquartered in Denver, Colorado and provides child support collection services across the United States as a private government contractor. As a concerned citizen of Colorado presently engaged in a legal dispute with PSI, I feel obligated to share my experience regarding the State of Colorado's continued efforts to give cover to the wrongful and malicious prosecution of both the child support enforcement case and child support modification case due to the inherent conflict of interest that exists.

Therefore, I have enclosed a copy of the letter and supporting document mailed to the Colorado Collection Agency Board yesterday, which also offers suggestions for transparency. I have enclosed the affidavit referenced therein. Please treat this information with the confidentiality it requires.

Thank you for your time,

Sincerely,

R. Wayne Johnson
